"What if we're not the leads in our own stories, but rather just the supporting roles in the lives of others?"

So says Lockwood, who is most definitely the lead in this story.

This is a story about love – love of oneself, romantic love, familial love – and death, and the uncertainty and fear that induces.

Amazing Grace condenses Lockwood's life to the four key incidents that have shaped him, asking questions and giving only some indication as to the possible answers...

***Contains strong language, drug references
and scenes of a sexual nature***

***Wednesday 28th September to Saturday 1st October 2016
7.45pm • Tickets £9 from the Carriageworks Theatre***
